Briefly state the purpose and goals of this project or program. *

Family Promise of Montgomery has plans to open a new program that will be a Family Nutrition Education Program. The purpose of this program is to serve as a vessel to teach low-income families how to prepare healthy meals on a budget they can afford.

Briefly describe your plans for administration of this project or program request? *

The cottage at the new Family Promise of Montgomery location is already gutted and ready to be transformed. The plans for the cottage will be for it to become an office space and alternative case management facility. While remodeling the cottage, we will transform the kitchen space into a small, but functional commercial kitchen. We have already started working with a Nutritionist and a Chef to prepare menus, cookbooks and training for the guests in our program. We will also plant a vegetable and herb garden in the courtyard that will serve as a stress-free case management area while providing new skills and a deeper understanding of how we can all grow with the planting of a small seed.

How will you evaluate the success of this project or program? Or how have you evaluated the success of this project or program in the past? *

This program will reduce nutrition insecurity of low-income families and youth in our community. We will follow-up with graduates of our program and connect them to the Wellness Coalition to follow their progress after completing our program. This portion of Family Promise will have the ability to improve diets, improve nutrition practices, help families stretch their food dollars further, handle food more safely and increase their physical activity levels.

This project or program will impact Montgomery in the following areas (check all that apply) *

- Distressed and abused women and children
- Education of women and life skills development

This program is perfectly aligned with our mission to empower families facing homelessness. It will put another tool in their pocket to help them succeed and grow for the rest of their lives! Having a commercial kitchen in the cottage will also allow for fellowship with our partner organizations and congregations, as they will have the ability to utilize this space to prepare and share meals with our families during their stay with us.

How does this project or program funding request fit into the mission of the Working Woman's Home Association? (stated at top of form) *

This year may be the first time we can check EVERY SINGLE BOX that aligns our project with the mission of the Working Women's Home Association. The education that women and children will receive from this program will set them up to lead healthier more successful lifestyles and will teach them skills they can use for a lifetime.
